### ■ scout 1000® Laser Rangefinder

#### Level more than just the playing field.

Lay'em flat from up high or down low. Amazingly compact and simple to use, our new Scout 1000 provides accurate distance from 5 to 1,000 yards with plus or minus one yard accuracy! Outstanding eye-relief of 19mm makes viewing through the 5x Multi-coated optics simple even with glasses on. Range to a whitetail easily out to 300 yards, or to trees 600 yards away - with the tap of a single button - in a unit small enough to fit in your shirt pocket.

#### • Features

- Pocket-size ergonomic design
- 5x magnification
- Bullseye, Brush and Scan Modes
- Weather Resistant
- Range: 5 - 1000 yards
- Carrying case and wrist strap
