**FOR ORGANIC GROWERS, SAFE, PLEASANT TO USE**

**Hose End Concentrate Will Cover Approximately 10,000 SQ. FT.**

This product is a highly effective formula for preventing goose damage and droppings on all grasses, beaches, docks and walkways. This product works by taste and feel and will not burn grass.  
*Results will vary slightly depending on geese populations and weather conditions.*

**DIRECTIONS**

- 1) Shake container well before using.
- 2) Connect bottle to end of hose and run water through unit. Once a constant stream is flowing, turn dial to on.
- 3) Apply a fine mist to the plants that need protection, making sure all parts are covered.
- 4) Turn dial to water to rinse out head. Turn dial to off when finished.
- 5) Allow 20 minutes for this product to dry before watering of any kind.
- 6) This product can be applied in any climate or temperature as long as spray head and liquid are not frozen.
- 7) Repeat application as needed, usually every 30 days.
