

**Fend-all 2000™**  
**The innovation you expect from Fendall.**

Ingenious design delivers a steady soft ribbon of 100% sterile saline from a 100% sterile delivery system, minimizing the risk of further injury. Added comfort features, ergonomic design, and alarm system all work together to ensure compliance with the full 15-minute ANSI flushing requirement.

Each Fend-all 2000 unit comes complete with emergency eyewash station sign, mounting bracket, installation DVD, tamper seal and 1-year warranty. Sterile saline solution cartridge sold separately.

**FEATURES:**

**BENEFITS:**

- |  |  |
|--|--|
| ■ 100% Sterile solution offers unmatched safety    | Helps minimize further injury  |
| ■ 100% Sterile delivery system                     | Ensures a contaminant-free rinsing environment                                   |
| ■ 24-month cartridge life                          | Saves time and money on replacements and frequent inspections                    |
| ■ Alarm sounds upon both activation and completion | Ensures 15-minute flush  |
| ■ Deactivation button                              | Allows fast and easy maintenance of unit without false triggers                  |
| ■ Easy-view side windows                           | Enables quick review of expiration date  |
| ■ Arm/headrest                                     | Provides user comfort, enabling better compliance                                |
| ■ Integrated waste containment                     | Prevents spills and is easily emptied  |
| ■ Constant flow rate meets ANSI Z358.1-2004        | Ensures compliance with 15-minute flush requirement for primary eyewash stations |

## With the innovative Fend-all 2000, the user benefits.

We've listened to our end-users and have built an eyewash station with all of the features and benefits that you would expect in a state-of-the-art portable emergency eyewash station from Fendall®

- Delivers 100% sterile saline from a 100% sterile delivery system
- Built-in alarm system that sounds when the unit has been activated and again when the injured individual has completed the required 15-minute flush
- Sleek assembly that fits nearly anywhere
- Highly portable and easily moved when work stations move
- Easy-view side windows to check sterile solution expiration date and key contact information
- Meets ANSI Z358.1-2004 15-minute flush requirement for primary eyewash stations

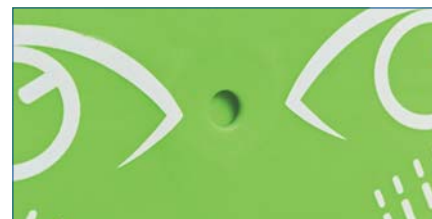

And that's not all!

Easy-to-install single cartridge features 100% sterile saline

Alarm sounds upon both activation of the unit and completion of 15-minute flush

Maintenance button quickly deactivates unit for inspection

Full visibility is provided through the side window to quickly check expiration date

Reservoir collects waste solution for safety and easy disposal

## One chance. One choice. Fend-all® Sterile.

Fend-all has taken emergency eye care to a whole new level, again. The Fend-all 2000™ delivers 100% sterile eyewash solution from a completely sterile delivery system. With the Fend-all 2000, injured workers are treated with 100% sterile, buffered and physiologically balanced saline solution free of contaminants, bacteria, corrosives and pollutants.

Sterile saline solution adheres to FDA requirements for providing sterile eyewash solution in self-contained emergency eyewash stations.

0% Bacteria  
0% Molds  
0% Fungus  
0% Pollutants

= 100% Sterile Eyewash
