

# Underhill™ MicroEase™

## Pre-Assembled Micro-Irrigation Packs

The Underhill™ MicroEase™ line of high quality micro-irrigation products features pre-assembly of widely used pieces and multi-unit packaging. This saves quite a bit of time during planning, ordering, and installation. Install the best...a little smarter than the rest.

Several companies offer quality micro-irrigation products. We know...we're one of the best, and we'll put our micros up against any of the others. And it's our conveniently packaged top quality products that make Underhill™ MicroEase™ a must for distributors, contractors and gardeners.

### Features

- Pre-Assembled, Pre-Packaged
