

These patented Multi-Carts ingeniously change shape and length to carry huge amounts of equipment yet fold small for storage. They instantly transform into any of 8 configurations replacing the need for 8 different carts. The revolutionary design results in a moving machine that is very lightweight, rugged, affordable, and ergonomically efficient.

Designed for professionals where speed and efficiency is crucial, these Multi-Carts can reduce time and effort moving equipment by up to 50%. They are specifically designed to work with vehicles and airlines. 5 models are available to fit your needs.

8"x2.50" pneumatic rear wheels and 5" x 1.25" front swivel casters. Frame telescopes to 34"-52" in length with 32" foldable sides.

Warranty provided through cart manufacturer.
