

FIGURE 9TM

ROPE TIGHTENER

Pull it tight!

Keep it tight!

- Easy to use – safe!
- Excellent alternative to stretch cords and cam tensioning devices

NO KNOTS!

So FAST ...So EASY!

No knots to tie, adjust or untie!

- Quickly secures most loads.
- Rope tension is easily adjustable – high rope tension is easy to achieve and maintain!
- Lock-off the end of the rope with one quick move – no slipping – unlocks just as easy!
- Solves the problem of securing awkward loads (Christmas tree, mattress) onto car roofs!
- Multiple FIGURE 9's can be used to align and hold objects in position – tarps, banners, new trees, construction, etc.
- Manufactured of strong aluminum – strength tested!
- Instructions for use are permanently laser engraved into the surface!

SO MANY USES!! ...Why Knot?TM
