

Slim Jim® Containers, Tops and Trolley System

Efficient waste handling from top to bottom.

Containers

- Efficient size and shape fits tight spaces.
- Durable, all-plastic construction is easy to clean and provides long life.

Tops

- Swing top provides easy access for trash disposal and then swings back to hide trash from public view.
- Interchangeable, color-coded tops promote waste separation:
 - slotted blue top for paper;
 - green and brown round-hole tops for glass bottles, jars and metal cans;
 - gray or yellow handle tops for general refuse.
- All tops fit on both containers.

Trolley

- Linking trolley moves multiple units in one trip or can be used individually as a dolly.
- Trolley accepts both containers.
